Visit one of Campania's most frequently-toured places

on a

10-hour tour of our town.

This itinerary includes Caserta best attractions. Here are some tips on how to make the most of the town in a very few hours.

**09.00 a.m.**

Arrive in **Caserta** by 09.00 a.m. (or spend the night before your visit in one of the **comfortable hotels** located in the town centre). Start off your one day trip at **Piazza Carlo III**, Italy's largest square. The Square consists of a vast green area which is located in front of the Royal Palace, flanked by two semicircles always built by the King of Naples for the servants. Below the square there is an **underground parking**, ideal for tourists who reach the town by private car. The railway station as well as the coach station are on the south side of the square, an easy base to get to the most important places to visit.

Head to the **Royal Palace**, the imposing, impressive building, built in 1752, for king Charles III of Naples to rival Versailles. If you do not have a ticket, go first to the ticket office and purchase your ticket (€12- full ticket-€6 reduced ticket). Now you can select the route which best satisfies your interests and fits your trip times. For details read here: <http://reggiadicaserta.beniculturali.it/index.php/guide-to-royal-palace-2.htm>

You cannot miss the **Historical Apartments** accessed through the Grand Staircase of Honour. This spectacular room enfilade astonishes the visitors for the scenographic, sumptuous, opulent, eye-catching decorations, magnificent sculptures, rooms dedicated to the four seasons, The Crip and The Court Theatre.

**11.00 a.m.**

Walk along the **park**. Enjoy this stunning sequence of lawns, peaceful woodland walks, pools, fountains and waterfalls enriched with beautiful statues and sculptural groups. The park ends with The **Grand Cascade** starting from the hill opposite the Palace.

The **English Garden**, an area of outstanding variety of local and exotic plants inside the park, is a delight to explore!

**Transport inside the Royal gardens**

- tour by horse-drawn carriage

- bike rental:

City bike – € 4,00 per hour

Electrically assisted pedal cycles : € 4,00 per hour

Rickshaw (two seat bikes) : € 13,00 per hour

Rickshaw (four seat bikes) : € 15,00 per hour

**13.30 a.m.**

Lunchtime. *The Palace* stands just a few metres away from the town centre where you can visit one of our friendly pubs, inviting street cafes, pizzerias or traditional restaurants for the many tasty dishes of our local production. Don't forget to eat the white and fresh **mozzarella cheese** from ffalo's milk, produced in our province.

**04.00 p.m.**

Visit to the **Silk Factory Complex**, set in San Leucio. This was the town of royal silk weavers who lived around the Belvedere building, which housed a silk factory. It is known worldwide for the admirable silk products commissioned for other European Palaces and Head of State residences in the world.

Ticket cost : €6- full ticket-€3 reduced ticket.
